

# FIRE FIGHTING FOAMS

## Delta Foam Concentrates

Delta Foam Concentrates are formulated for high performance, minimal environmental impact and cost effective usage.

A complete range is available to cover all flammable liquid risk and certain special application such as Class A wetting agents and oil and fat extinguishment.

<b>FOAM TYPE</b>	<b>REFERENCE CODE</b>
Protein 3%	DFC 103
Protein 6%	DFC 106
Fluoroprotein 3%	DFC 203
Fluoroprotein 6%	DFC 206
Film Forming Foam (FFFP) 3%	DFC 303
Film Forming Foam (FFFP) 6%	DFC 306
High Expansion	DFC 403
AFFF 1%	DFC 501
AFFF 3%	DFC 503
AFFF 6%	DFC 506
Alcohol Type Concentrate	DFC 603
Alcohol Type Concentrate 3/3	DFC 633
Alcohol Type Concentrate 6/3	DFC 663
Alcohol Type Concentrate LV	DFC 633LV
Training-U	DFC 703
Training-N	DFC 706
Fett-Ex (Special Foams for oil & fat)	DFC 801
Wetting Agents N (Special Foams)	DFC 802
Wetting Agent-H 1% (Special Foams)	DFC 803
Mousseal-S / -SF (Special Foams)	DFC 804

Delta Fire also manufacture a comprehensive range of quality fixed and portable foam equipment.
