No. 1 LEVER-OPERATED JET/SPRAY NOZZLES

KEY USERS

- Industrial Sectors inc:
- Chemical Facilities
- Construction Sectors
- Road & Rail Services
- Manufacturing Facilities
- Food Processing Plants
- Haulage Sectors
- Airport Maintenance
- And many more

KEY FACTS

- Low-Cost Light Alloy/Plastic Construction
- Easy Lever-Operated Control
- For General Purpose Firefighting, Wash Down & Dust Suppression
- All Alloy Models
- Water Curtain Models
- Low Maintenance
- Excellent Value for Money

No 1 Water Curtain Nozzle

Doc Ref: DDS135

GENERAL DESCRIPTION

The Delta No 1 range of lever-operated nozzles provides a low-cost solution to Industrial users with exceptional versatility and impressive performance.

The ever popular light alloy/plastic No. 1 Red is exceptional value for money and available in three formats – pre-fitted with 2½” Instantaneous male inlet or with 1” or 2” BSP male thread for compatibility with any International inlet adaptor. The No. 1 is also available in an ‘all alloy’ format (No 1 LA) providing exceptional durability across a wide range of Industrial applications.

The No. 1 C comes complete with all alloy body and additional water curtain function allowing the user to create a wide heat shield while still simultaneously firing a powerful jet at the fire (supplied with 16mm & 19mm tips). The No. 2 C is supplied with 9mm & 12mm tips).

Perfect for general purpose firefighting, wash-down, cooling & dust suppression.
