# RAMFAN ELECTRICALLY DRIVEN PPV FANS

## EX520 / EXPLOSION PROOF XP520

### KEY USERS

- Fire & Rescue Services
- Naval Fleets
- Defence Sectors
- Industrial & Utilities
- Marine & Off-Shore
- Petrochemicals
- Aviation
- Mining
- Nuclear

### KEY FACTS

- Electric Powered
- Unlimited Run Times
- Explosion Proof Model
- AMCA Certified Airflows
- Compact Designs
- 5-Blade Impellers
- Low-Noise Levels
- Fold-Away Handles
- Wheeled Portability

**XP520 Explosion Proof Model**

Doc Ref: DDS092

## GENERAL DESCRIPTION

The **EX520** is built with an IntelliSense water-resistant variable speed control that provides continuous airflow adjustments from zero to maximum speed offering a wider range of selectable speeds that allows operational flexibility and precision performance.

Equipped with PowerStream air straighteners that produce a powerful, straight, focused beam of air allowing the fan to be set back further from a structure's entrance without sacrificing PPV performance, the PowerStream FlowPath penetrates deeper through the structure than traditional air cones.

The **XP520** Electric Blowers are built with an UL/IECEX/ATEX certified explosion-proof motor for use in areas where potentially explosive gases are likely to be present; establishing and ensuring a safer working environment.

These highly portable, wheeled units provide the very best in fast deployment, high PPV performance, compact storability and operational efficiency.

With impressive AMCA certified airflows allowing fast smoke removal and rapid improvement in the risk area the RamFan electric range is globally recognized by industry professionals.

## TECHNICAL DATA

EX520 46cm (18") Electrically Driven PPV			Product Code: MIS050090			
Motor	Noise Level	Airflow (AMCA Certified)	Runtime @ max speed	Impeller	Weight	Dims (cm)
1.5 HP / 1.1kW	95 dB@ 1 m 81 dB @ 3 m	22,702 m <sup>3</sup> /hr	Unlimited	5-Blade Turbo-Force	32kg	60 x 53 x 47

XP520 46cm (18") Electrically Driven PPV			Product Code: MIS500000			
Motor	Noise Level	Airflow (AMCA Certified)	Runtime @ max speed	Impeller	Weight	Dims (cm)
1.5 HP / 1.1kW Explosion Proof	97 dB@ 1 m 95 dB @ 3 m	22,702 m <sup>3</sup> /hr	Unlimited	5-Blade Turbo-Force	33kg	60 x 53 x 47
