GENERAL DESCRIPTION

Used to connect hoses to the mains water supply via an underground hydrant valve, Delta offers a wide range of Standpipes including single and double headed options either with or without double check valves, WRAS Approved standpipes and single or double bib-tap Contractors Standpipes.

Manufactured from durable materials suited for use in the Industrial and Marine sectors, the Delta Standpipe range is supplied as standard with 2½" BSRT female threaded inlets and 2½" Instantaneous female 'single-twist' outlets.

Delta also offers Key & Bar Sets to enable easy opening and closing of valves on underground hydrants.

THE RANGE

Product Code	Description	Double Check Valve	Inlet	Outlet
